

Low Mow Bluegrass

Manderley started production of their first Low Mow Bluegrass blends in 1995. Jacklin Seeds Company was sufficiently impressed by Manderley's high quality turfgrass products that they selected Manderley to test two new varieties in the Canadian market. In partnership with Jacklin Seeds Company, Manderley planted a three-way blend of Bluegrass, making Manderley the first turfgrass sod grower in Canada to join Jacklin's famous Five Steps Above program, a regime designed to raise the level of Low Mow Bluegrass quality to a new plateau.

Characteristics

- Championship quality turf with rugged wear tolerance
- Dwarf characteristics with superior density
- Natural dark green color with rapid injury recovery
- Hard-wearing, hard playing natural

Recommended Use

- Sports fields and heavy traffic areas
- Golf course fairways and tee decks

Application Format & Delivery

Manderley is pleased to offer its premium quality Low Mow Bluegrass in a variety of application formats including:
