

Premium Organique Kentucky Bluegrass

Manderley's Organique is a selection of premium Bluegrass grown on top quality organic soil similar to the rich, black earth used for potted plants and gardens. Its superior moisture retention aids the turfgrass plants in the transplant stage. Because the soil is lighter-weight than mineral soil, Organique rolls are 1½ sq. yds. per roll (13.5 sq. ft.), consequently reducing handling (30% fewer seams) and installation time (50% faster) over conventional turfgrass sod.

Characteristics

- Excellent winter hardiness due to the combined varietal blend
- Outstanding disease resistance
- Rich, lush green color
- Fantastic cool weather color retention and spring green-up qualities
- Available on organic soils

Recommended Use

- Golf course fairways, tee decks and roughs
- Sport field and stadium surfaces, residential and/or commercial landscape projects

Application Format & Delivery

Manderley is pleased to offer its premium quality Organique Kentucky Bluegrass in a variety of application formats including:

- Small roll
- Big roll
- Soil-free – exclusive technology used by Manderley
- Market climate specific blends for maximum performance
